DEUTSCHE BIOGRAPHIE

«Zuerst gab es Howlin' Wolf, dann Jimi Hendrix, jetzt hat die Welt Lord Bishop!» sagte Mother Tongue-Basser Davo einst nach einer gemeinsamen Show über den schwarzen Zwei-Meter-Hünen aus der Bronx, in dessen Adern purer Rock'n'Roll fließt. Tiefzustapeln ist nicht Lord Bishops Art. Nach seinem Alter gefragt antwortet er gern „I am young enough to rock, but old enough to know how!“ So wie sein äußeres Erscheinungsbild ist auch seine Performance auf der Bühne: groß, nahezu gewaltig, unnachahmlich, entschlossen und schlicht und ergreifend unvergesslich. Lord Bishop Rocks kombinieren Funk, Rock, Blues, Punk und einen Hauch von Reggae zu einem Mix der tief getränkt in schwarzen Voodoo alle verhext. Die Musik beschreibt der Meister selbst als «Hendrixian Motör Funk».

Line-up

Lord Bishop - vocals & guitars
Cecil «Draxx» Drackett - bass & backing vocals
Steffen «Mr. Tide» Thiede - drums & percussion

ENGLISH BIO

Lord Bishop Rocks for sure is the most exciting and musically gifted Rock trio of the 21st century. They are mixing their brand of 70s influenced Hardrock, Funk, Blues, Jazz, Reggae and Punk – meshing it into a sound they call «Hendrixian Motör Funk». There have been many trios before them: Cream, The Jimi Hendrix Experience, Blue Cheer, Nirvana, Motörhead, Muse, Them Crooked Vultures, Green Day – all of these groups stand out because they brought a new life and a new perspective in how to make sonic expression in rock music. Lord Bishop Rocks has lifted this stylistic template to new stratospheric levels. Imagine Beatlesque melodies, Sabbath's heaviness and James Brown's funk all rolled into one.
